

Our Story

The Greek Table opened its doors in Newbury in May 2022.

It is the creation of George Zeus, a multi award winning chef and through this menu he expresses his love and passion for Greek and Cypriot cuisine. Originally from Cyprus, George Zeus unfolds a new level of Greek cuisine and using only fresh and the finest ingredients we prepare everything ourselves in our kitchen.

We source ingredients and most vegetables from Greece and Cyprus but also from local farmers for our meats while our fish and seafood are sourced from the Mediterranean. We use the finest unfiltered Greek olive oil which is available to buy directly from the Greek Table and comes from our family owned olive trees in Cyprus.

Please ask your server for the day's specials or for George Zeus' seasonal dish of the day.

We sincerely hope you will enjoy your experience at the Greek Table and we look forward to welcoming you again.

Greek Nights

Here at The Greek Table we celebrate the Greek way with good food and live music and dancing. We serve the meze to all our guests on the night while the music will take you to a journey to Greece and before you know it, you'll be on the dance floor dancing to the rhythm of Syrtaki, Zeimbekiko, Kalamatiano and Tsifteteli.

The Greek Nights have proven to be very popular and booking in advance is recommended.

A surcharge of £3.00 per person will be added to your bill on the night.
